Version 207 Update

Version 207 (1/23/24) firmware is now available for 7800 Series Graphic Touchscreen Keypads.

OSDP Card Reader Support

7873 and 7873H keypads have been updated to hardware Level 104 (Rev 12 PCB) to include an OSDP circuit. Once an OSDP card reader has been connected and programmed in the keypad, the onboard proximity reader will automatically be disabled.

Obtaining the New Hardware

To order updated 7800 Series Keypads, contact DMP Customer Service at 1-866-266-2826 or visit Buy.DMP.com.
