

ACTIONS

System Actions let you activate favorites along with specific events.

SCENARIOS

Interior Cameras —Turn on interior cameras when system is armed Away.

Christmas Lights — Turn on outside Christmas lights on house during the Sunrise/Sunset schedule.

Open Sign —Turn on Open Sign when system is disarmed.

Emergency Lights —Turn on ALL lights when the system goes into alarm.

HVAC —Shut off HVAC when the fire alarm goes off.

Custom Actions are similar to the default panel actions but they extend that functionality so that in addition to being able to fire a favorite, you can also configure individual Z-Wave device states, lock and unlock doors, and toggle outputs.

SCENARIOS
