

XT30/XT50/XTL Series Panels

April 2015

Version 122 Firmware Update

XT30/XT50 and XTL Series Version 122 (4/5/15) firmware is now available for download on the DMP Dealer Direct Website at <http://dmp.com/dealer>.

Effective May 11, 2015, all XT30/XT50 and XTL Series panels will be manufactured with updated Version 122 (4/5/15) firmware. As of June 19, 2015, inventory for the XT30/XT50 and XTL panels will be completely updated to Version 122 (4/5/15) firmware.

Features

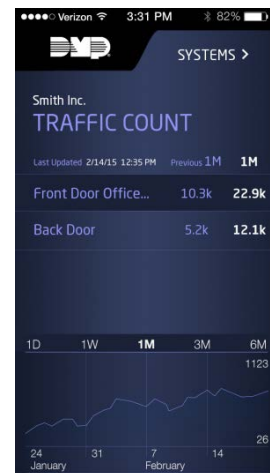

Traffic Count

XT30/XT50 and XTL Series panels now send Traffic Count data to the Virtual Keypad App. To allow App users to view the TRAFFIC COUNT screen from the Virtual Keypad™ App enable Traffic Count from the vk.securecomwireless.com website. The App displays the 10 lowest numbered zones with Traffic Count set to YES. See the following Virtual App Technical Updates for more information:

- Android Version 4.4 (TU-0781)
- iOS Version 4.5 (TU-0782)

TRAFFIC COUNT
NO YES

This option is only displayed for NT and EX type zones. Select YES to provide reporting to the receiver of the number of zone trips while in a disarmed state. The number of trips will be included with the area closing message and reported to the central station automation system. Traffic Count data for the 10 lowest numbered zones with Traffic Count set to YES is also sent to the Virtual Keypad™ App if enabled at vk.securecomwireless.com. Default is NO.

Automatic Cellular Activation (263C CDMA Cellular Communicators)

XT30/XT50 and XTL Series control panels now perform Automatic Cellular Activation. This eliminates the need to enter DIAG (2313) from the keypad and select ACTIVATE CELL. If the 263C Cellular Communicator has not been previously activated, automatic cellular activation occurs when the panel is powered up or is reset. The 263C CDMA Cellular Communicator must connect to a Verizon tower for successful activation.

Obtaining the New firmware

XT30/XT50 and XTL Series firmware updates are available for download free of charge on the DMP Dealer Direct Website at <http://dmp.com/dealer>.
