New Features

Updated Version 602 (7/23/24) firmware is now available for 714-8INT and 714-16INT Zone Expanders.

Triple EOL Support

Version 602 supports a modification to the current zone EOL programming option in **Zone Programming**. Available EOL programming options have been updated to **Single**, **Dual**, and **Triple**.

Obtaining the New Firmware

To order updated 714-8INT and 714-16INT Zone Expanders, contact DMP Customer Service at 800-641-2826 or by visiting Buy.DMP.com.
